TIMEWORKS PUBLISHER™ PC, ST AND LITE - LICENCE AGREEMENT

This Licence Agreement sets out the terms and conditions relating to the acquisition and use by you of the Timeworks Publisher pack ("the Product"). The Licensee acknowledges that these terms form part of the contract of sale for the Product and the purchase by the Licensee is evidence of his acceptance and agreement of these terms.

The Licensee undertakes to return the enclosed registration card to GST Software Products Limited as further evidence of the Licensee's acceptance, within thirty days of purchase of the Product.

When the Product is purchased by you the disks contained in the Product become your property. All software on the disks (including the Timeworks Publisher application and its supporting files) ("the Software") shall remain the sole property of GST Software Products Limited, the Licensor, and you, the Licensee, are permitted to use the Software only in accordance with the terms of this Licence Agreement.

These terms are as follows:

1. The Licensee may make one backup copy on floppy disk of the Software on each of the original disks for use by the Licensee only. Any copyright notices on the original disks must be reproduced on all back-up copies. No other backup copies may be made.
2. The Software must not be installed or used on more than one computer workstation at any one time.
3. The Software and any documentation or other material supplied in the Product shall not be adapted, modified, decompiled or disassembled in any way or translated into any other computer or foreign language either in whole or in part or be reproduced in any way whatsoever.
4. The Software or any part of the Product shall not be let out on loan, rent or lease or supplied to any third party in any manner.
5. Where the Product contains both 5.25 inch and 3.5 inch disk types only one of the disk types may be installed or used at any one time. The disks of the other type must be retained by the Licensee in a secure manner and not used or copied in any manner.
6. The Licensee is responsible for, and must use his best efforts to ensure that no other person breaks, the terms and conditions of this Agreement.
7. If the Licensee wishes to transfer the right to use the Product to any other party he must transfer the whole Product and its original contents (with the exception only of the registration card) together to the same party and may not transfer part only. Upon transfer the Licensee shall destroy all back-up copies made by him and shall delete from his computer all files installed from the Product. The Licensee shall ensure that the terms of this Agreement are drawn to the attention of any transferee and any transferee shall upon acceptance of the Product become subject to this Agreement.

8. WARRANTY

In the event that there exists any material defect in the Product as supplied to the Licensee which affects the performance of the Product as set out in the manual, GST Software Products Limited undertakes to replace the Product supplied to the Licensee free of charge to the Licensee.

9. DISCLAIMER

The sole liability of GST Software Products Limited in respect of the Product is as set out in Paragraph 8 and all warranties and conditions (whether express or implied by statute or otherwise) relating to the merchantability or fitness for purpose of the Product are expressly excluded. GST Software Products Limited shall not be liable (whether in contract or tort) in any manner whatsoever for any indirect or consequential loss or damage (including loss of profits or contracts) suffered by the Licensee or for any loss or damage caused by or suffered by reason of any loss or corruption of data arising in the use of the Products.

10. This Agreement shall be governed by the laws of England and Wales.

REMEMBER

Illicit copying of software increases the cost of products for bona fide software users and also prevents us from creating more and better products for you.

NEO Desk 3

THE COMPLETE REPLACEMENT DESKTOP FOR THE ATARI ST

NeoDesk™ 3 is the complete, high performance replacement for the standard Atari ST desktop. Its combination of powerful graphical features with drop-down menus completely transforms the use and appearance of the desktop.

NeoDesk 3 offers features, enhancements and concepts not previously available on **any** other computer. NeoDesk 3's personalised desktops, automated desktop operations and intelligent use of disks make the Atari ST really convenient to use!

Organise the desktop for greater convenience

- **Easy Access** – Programs, files and folders can be accessed directly from the NeoDesk desktop. Rename them using a unique letter or number from the keyboard for rapid access.
- **File Clipboard™** – Store files and folders temporarily on the Clipboard while changing floppy disks or reorganising the hard disk.
- **Desktop Notes™** – Write important notes right on the desktop itself.
- **Recoverable Trashcan** – No more lost files – simply recover deleted files from the recoverable trashcan.
- **Powerful Display Options** – Flexibility with windows means more powerful display options. Windows can be split to show two views of a folder. Text and icons can be displayed independently of each other.
- **File Templates** – File templates and sorting mean totally flexible file access.

Automate the desktop

- **Macros** – Automate any series of desktop operations such as opening windows, copying or deleting files, executing programs, and assign them to any key on the keyboard.
- **Keyboard Shortcuts** – Replace commands with keyboard shortcuts for speedy operations.

Design a personal desktop

- **Custom Icons** – Unique icon editor with drawing tools makes design and modification of custom icons possible.
- **Colours & Patterns** – Specify colours and fill patterns.
- **Graphic Imports** – Import Degas or NeoChrome pictures as backdrops.

Make intelligent use of disks and memory

- **Smart File Copying** – Smart file copying means no more pointless disk swaps – files and folders can be read in one go quickly and efficiently – provided there is sufficient memory.
- **Smart Disk Copying** – NeoDesk will automatically detect the type of format of the original disk and format the destination disk to match it.

System requirements

Any Atari ST, Mega, STE or TT system. Supports all screen resolutions including low.

NeoDesk is distributed exclusively in the UK by Electric Distribution, Meadow Lane, St Ives, Cambs PE17 4LG. Telephone: 0480 496666 Fax: 0480 496189.
